

Bruce's Wisdom !!

In the words of Bruce McAvaney "This is the moment for them to act. This is their chance to respond to what is a challenging, if not dire, situation," told 7NEWS.com.au. Back in 2017, South Australia implemented the 15 per cent point of consumption tax for corporate bookmakers, but with only 10 per cent of that revenue going back into the racing industry which in comparison to other states is low "You can see the anomaly. We're completely and utterly disadvantaged in terms of our return from corporate wagering." "Thoroughbred Racing South Australia and others, including myself, have been pushing hard for greater returns to the South Australian racing industry," McAvaney said. "It would take a lot of work to get it back as a racecourse, but it's not impossible." "I'd love to see a Summer series at Victoria Park, under lights from early December through Christmas." Maybe six meetings, five races each night and just keep it boutique. Wine, food and entertainment. The weather this time of year is fantastic and a concept like this would encourage people to get back to the races. "We've got to create an environ-

ment where people want to invest and go to the races in this state. We need to recreate that environment," he said. "The sport is booming around the country in terms of prizemoney, infrastructure and the number people that are employed by the sport. "South Australia is the one state that is not getting any benefit from that boom at all." The SA State Government has secured Beach volleyball's biggest global tournament, the FIVB World Championships, that event will be held in Adelaide in 2025 !! So surely hopefully the SA Govt do listen to Bruce's Ideas that stacks up well !!
