

For whom The Final Siren Sounds !!

The Legal Eagles have hand cuffed us from writing and gagged us from talking about the latest footy story concerning a siren being sounded before the correct full time!! All we can say and report is that hopefully in due course is - watch this space as punters have been paid out !! Then it was not that long ago we had Siren Gate in 2006 played between St Kilda and Fremantle at Aurora Stadium. Four days later, the AFL Commission determined that the match should have been ended when the first siren sounded and St Kilda was stripped of its last behind, resulting in the victory and the full four premier-ship points being awarded to Fremantle.

It was only the second time in VFL / AFL history that the score and result of a game was changed on protest, with the first occurring 106 years earlier.
