

Friday 26 April 2024 Volume 370

Best to "Expect The Unexpected" when the first Tee shot is hit at the 2024 Adelaide LIV Golf Event at the Grange Golf Club on Friday. The wildly celebrated 2023 hole in one shot hit by Chase Koepka on the 12th Party Hole could not have gained more global exposure than could have been possibly ever dreamed up by even the best promoters or marketing guru's. The reaction from the fans and players was simply unbelievable. The even better news for Adelaide came from Greg Norman on Wednesday when he told reporters "Has there been interest from other states? Yes, absolutely there has been," "But we were in South Australia first." The Premier took on the responsibility of taking on LIV right from the outset, not too sure about the result. "But now, because he's done that and because South Australia has done that, we've got to look at that into the future as well."
