The Tattersall's Tiara Now A Group 1 Race Still Has That Ring About It !!

Interesting story how the Tattersall's Tiara name came about with legend Brisbane broadcaster John McCoy being the mastermind behind the name . John McCoy is also well known as he called the first ever NRL State Of Origin Game at Lang Park back in 1980 !!

RIP—Des Coleman and Dennis Markham . Coleman rode over 2,000 winners including three Adelaide Cups, two Goodwoods, and an SA Derby plus a host of overseas winners in at least four other countries . But like as all good fisherman will tell you what about the one that got away , that was when Coleman rode the Gawler trained Don Hateley star Adelaide Colt New Atlantis when he drew the outside rail in the 1985 Golden Slipper Stakes !! Markham was a highly respected racing journalist for decades in South Australia and had a great passion for the sport .
