2032 Brisbane Olympics Games Stadium - Lock It In Eddie !!

"It became a choice between spending billions on temporary facilities and temporary stands that delivered no legacy (and did not) secure the future of AFL and cricket at a new home," the Queensland Premier said. "It became a choice between delivering a Games with an eye to the future or re-winding the clock for decades. In the end, the choice was clear. The Games must be held at a new stadium at Victoria Park. "Any other choice would have meant placing the government's political interests ahead of the interests of Queenslanders. We've had enough of that in the last few years and I wasn't prepared to do that." "But I'm also going to release what's in this independent report and having known ... you've got two key tenants in the Lions and the Bulls (at the Gabba), it is not possible to deliver that, with that dislocation, in this period of time. So I have to be open and honest with Queenslanders." "But in the end it was a choice between QSAC and a new stadium and I know which one would have been politically easier for me to make, but I've made the right choice .. and Queenslanders will see why we've made it." "Swimming Australia will also be awarded a permanent home at an estimated cost of \$650 million, with the centre at Centenary Pool to feature a 25,000-seat stadium. "That is delivering a legacy for the future and I can confirm it will be the best aquatic centre in the world," Queensland Premier said.
